

## **REALTIME TRANSCRIPT SERVICES INFORMATION**

### **COURTROOM REALTIME**

Courtroom realtime is transmitted wirelessly via WiFi using CaseViewNet. Persons within your firm designated to receive a courtroom realtime feed must contact the court reporter in advance of trial to obtain access codes and passwords.

CaseViewNet is the only realtime software that will be utilized. The software must be installed on a WIFI capable laptop and available for testing prior to the day of trial. Users should become familiar with the software in advance of trial since the court reporter will not be available to troubleshoot or answer CaseViewNet related questions during the proceedings. Information regarding the latest version of CaseViewNet as well as the software itself can be downloaded at the Stenograph website: <http://www.stenograph.com/V2MiniSplash.aspx?id=CaseViewNetAtty>

### **REMOTE REALTIME**

With the Judge's approval, Courtroom Connect can be utilized to provide a remote realtime transcript feed to authorized parties in locations outside of the courtroom, such as a war room, firm office, or client office. The Courtroom Connect service is delivered via a web-based application so no additional software is required. Courtroom Connect will send authorized parties a secure link and viewers are required to register and will be given a unique log-in.

A transcript fee for the number of remote realtime streams you request will be included in the page rate you are quoted. There is an additional transmission fee of \$75/day which will be billed to you directly by Courtroom Connect, in addition to a one-time installation/server setup fee which can be shared among parties. If you wish to set up additional locations after your quote has been provided, you must request that through the court reporter in advance.

### **CONTACT INFORMATION**

Should you desire any additional information or have any questions regarding the use of realtime for one of your cases pending in the U.S. District Court for the Eastern District of Wisconsin, contact the court reporter at: [johns54@sbcglobal.net](mailto:johns54@sbcglobal.net).
